OMER EBEAD

SOFTWARE ENGINEER

+966535426539 | endomamoro9@gmail.com | Al Kharj , Saudi Arabia | Portfolio

Objective

Experienced software engineer with a strong background in frontend and backend development, as well as proficiency in design and data analysis. Skilled in utilizing a range of technologies including HTML, CSS, JavaScript, Reactjs, Django, Flask, and more to design and deliver innovative solutions. With a keen eye for design and a passion for data analysis and machine learning, I am seeking to leverage my diverse skill set to contribute effectively to a dynamic development team.

Skills & Abilities

- Frontend Development: HTML, CSS, JavaScript, Reactjs, Nextjs, Redux, Material UI, Tailwind, Rsuite, Leaflet maps.
- Mobile Development: React Native.
- Backend Development: Django, Flask, Nodejs.
- Design: Figma, Adobe Illustrator, Adobe Photoshop, Adobe XD.
- Data Analysis and Machine Learning: Pytorch, Tensorflow, Keras, Scikit learn, PowerBi.
- DevOps: Docker.

Experience

Freelancer   April-2024 - Now

Designing and developing user interfaces for web applications using technologies like Reactjs, Nextjs, and Django frameworks.

- **Rewash**
  Develop and Design the user interface of a Washing company's Dashboard.

- **Ray Design**
  Develop and Design the user interface of Rayan's Personal Website.
- **Clinical**
  Developed and designed the user interface of an online clinics appointment website in UAE.

AmunData   Nov-2022 - April-2024

- Designed and developed user interface, server, database, data preparation, data processing, and data predictions.

- Collaborated with data analysis team for data visualization tasks using PowerBi.

- **Arab organization for agricultural development Platform**

  Design and develop user interface, server, database, data preparation, data processing and data prediction.

OROOMA   April-2022 - Nov-2024

- **Logistics Dashboard**
  Design and develop user interface for Logistics Mobile App which is responsible for furniture transportations.
- **Suhub**

  Designed and developed user interface, server, and database for Suhub Website, a platform specializing in job hiring.

Education

University Of Khartoum, Sudan   Nov-2016 - April-2022
- Bachelor of in Electrical and Electronic Engineering
- CGPA: 8.14.

Al-Mashaal Secondary School, Sudan   March-2012 – Sep-2015
- Graduated with a GPA of 93.9%
- Ranked among the top 100 students nationwide

Personal Projects

- Portfolio :   Link
- Weather Website :   Link
- Movie Application: Link
- Café Application :   Link
- Temporal Analysis of Regional Sustainability Using CNNs and Satellite Data: Link

Certification

- McKinsey Forward Program   Link
- Neural Networks and Deep Learning   Link
- AI For Everyone   Link
- Sequence Models   Link
- Convolutional Neural Networks   Link
